Sir:

I am writing to you to request an extension on my building permit #2009-0028.

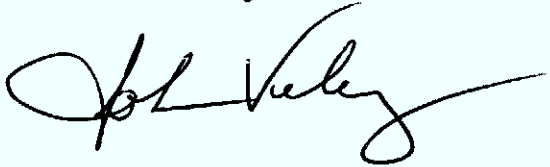

The permit was for remodeling of my house to accomodate my wife who was suffering from colon cancer. Unfortunately, as her disease progressed and she became more debilitated, I became more involved in caregiving and was unable to focus on the final completion of the project. I would also add that our architect, Michael Picirillo, ended up not being as involved in this project as we were lead to believe. Additionally, our general contractor, Eric Rudolph, never completed the work that was contracted for. He has since been impossible to contact and has apparently dissolved his company.

Since the death of my wife on March 17, 200¹1, I have struggled to pick up the pieces of my life and handle all the details which are involved in the death of a spouse. Therefore, I request an extension to allow me the extra time to resolve all

the matters that need to be completed in order to receive a certificate of occupancy.

I thank you in advance for your attention to this matter. I have enclosed a check for \$100 to cover the fee for an extension.

Sincerely,
