A. B. Upon an accumulation of two or more inches of snow, no vehicle of any kind shall be allowed to remain standing on any street or public highway until the snow has ended and the road has been cleared of snow. Vehicles must be relocated to off-street locations and may be parked on the Village right-of-way area directly in front of the vehicle owner's residence, except that vehicles may not be parked on any part of a street, sidewalk, or curb. All vehicles in violation of this subsection are subject to towing. Vehicles parked in the Municipal Building parking lot must be moved within 12 hours after snow has ended.

C. Special hardship permits. In cases where there is no off-street location or right-of-way area which can be used, the Village Manager shall, upon written application on forms to be supplied by him and verification of the applicant's special hardship, issue an annual permit granting permission to park motor vehicles on the street or public highway except for certain streets designated by the Village Manager, upon recommendation of the General Foreman of the Department of Public Works, provided that such parking conforms to all other laws and regulations. No permit parking shall be permitted on those streets designated by the Village Manager.
