

**United Way
of Westchester and Putnam**

Dear Executive Director,

I am very excited to announce a new partnership United Way's 2-1-1 has with Westchester County and Family Ties of Westchester to recruit foster parents.

We have a fantastic foster care system here in Westchester but there are never enough homes for these vulnerable children - especially for babies, teens and sibling groups.

Will you help us promote the need for foster parents? Please hang the posters in your offices and give the rest to friends and colleagues.

Respectfully,

A handwritten signature in black ink that reads 'Naomi L. Adler'.
