Mr. Zambrano,

On recent occasions, my 15-year old son and his friends have been chased away by the police from local village areas (Duck Pond playground, Farmers Market area, etc) when they try to use their skateboards there. Can you tell me what areas, if any, in the Village are acceptable for use by skateboarders? The kids are not asking for a fancy, expensive skate park, just a place to play and not be chased away by the police. I think this is a reasonable expectation, and a clear statement of policy by the Village is needed.

Thanks for your attention to this matter.

Regards,

Susannah Johnston
