**RE: PIN 8813.57
BRIDGE PAINTING – 11 BRIDGES
VARIOUS TOWNS
DUTCHESS, ORANGE, ROCKLAND, AND WESTCHESTER COUNTIES**

Dear Mr. Maraglio:

The New York State Department of Transportation (NYSDOT) is progressing the subject federally funded project that proposes to paint the steel surfaces of eleven (11) bridges to protect against normal environmental effects of corrosion, acid rain, and de-icing agents. This work will remove corrosive substances, debris and dirt that have accumulated on the bridge superstructures and re-paint them to maintain their structural integrity and restore the overall aesthetics of the structures. The bridges are in various municipalities in Dutchess, Orange, Rockland, and Westchester Counties. Three (3) of the 11 bridges are in the designated New York State Coastal Zone Management Area (CZMA) and/or a special management area:

- Bridge Identification Number (BIN) 1032491 & BIN 1032492 – I-84 over Fishkill Creek – Fishkill, Dutchess County
 - Within the CZMA and Croton-On-Hudson Local Waterfront Revitalization Program (LWRP) Area
- BIN 1005020 – Warren Rd over Rt 9 - Croton-On-Hudson, Westchester County
 - Within the CZMA and Hudson Highlands Scenic Area of Statewide Significance (SASS)

Photographs and project location maps are attached for the 3 bridges referenced above. These 3 bridges are currently painted green and will be re-painted green. This letter serves as Federal Aid Notification.

No federal permits are required. The project impacts will occur within the operational right-of-way. The project is funded by Federal Highway Administration and has a scheduled letting of 10/20/2022. The project is a NEPA Class II action and qualifies as a Type II action in accordance with the Department's implementing regulations of SEQR (17 NYCRR Part 15).

The project will comply with the policies of the CZMA Program, the Croton-On-Hudson LWRP Area, and Hudson Highlands SASS. The bridge painting is scheduled to occur sometime between December 2022 and December 2023.

The NYSDOT respectfully requests the Department of State review the provided information and indicate if the project meets the general consistency concurrence criteria.

If you have any questions, please contact me at Kathleen.Wolfanger@dot.ny.gov or (845) 431-2317.

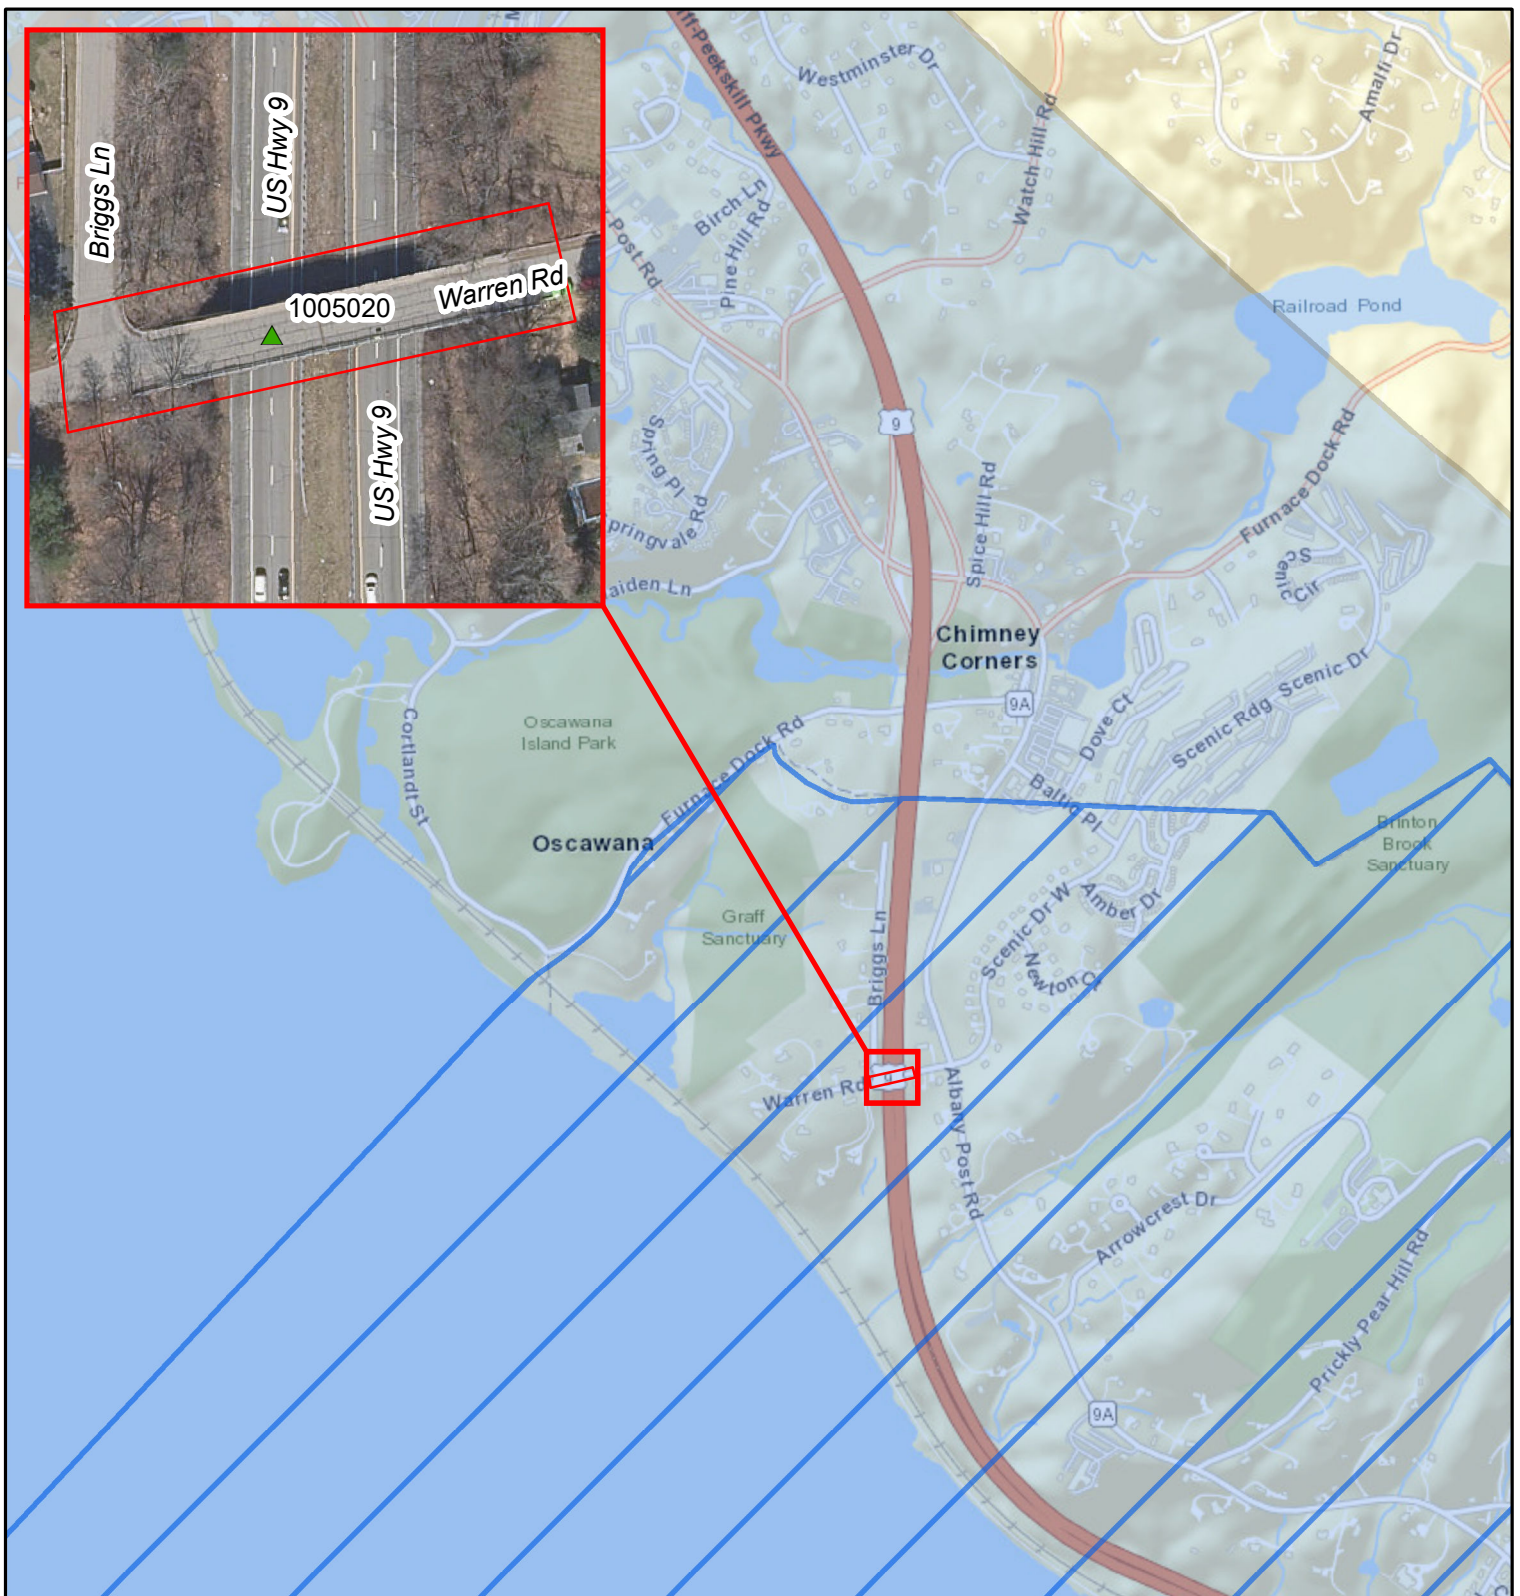

Sincerely,

A handwritten signature in black ink, appearing to read "KWolfanger".
