Request for Building Permit Extension—Permit #20110055

We have received a request for an additional two extensions to Building Permit #20110055, the first would be retroactive from 8/22/21- 2/22/22 and the second from 2/23/22-8/22/22.

As per the homeowner/builder, the project has been an ambitious undertaking over a long-time frame that has been impacted by many outside factors, including personal health, family matters, financial constraints and most recently, Covid 19. As per the homeowner, at this point, the completion of all work appears to be out of reach, so some additional work will be done to facilitate the sale of the property.

It is recommended that the Building Permit be extended until August 22, 2022.

Please place this request for extensions on the Village Board agenda for Monday, April 18th, 2022.

Thank you.
