Prickly Pear Hill Archaeological Site Funds Proposal

The Croton Historical Society and the Louis A. Brennan, Lower Hudson Chapter of the New York State Archaeological Association (based at the Croton Point Nature Center) would like to apply for the entire \$10,000 to produce a short documentary film about the Munsee Lenape people who occupied Croton Point and a related exhibit of artifacts at the Croton Point Nature Center.

The film would premiere at the Croton Free Library and then be posted on YouTube, where it would be available to current and future generations of Croton residents, and anyone interested in Native American history and culture.

The exhibit would coincide with the premiere of the film.

The Croton Historical Society would receive, disburse, and account for the funds.
