Submitted values are:

Choose One: Public Comments for Board Meeting

Please include any questions or comments: At the October 3, 2022, meeting of the Board of Trustees, I made a verbal "non-agenda items" appeal that the Board seriously consider the draft code ordinance proposal, as submitted to the Board by Mr. Andrew Campanelli on September 15, 2022, and to place the item on the public agenda, with Mr. Campanelli in attendance to discuss the matter in detail and field any questions from the Board. At the October 3rd meeting, I received no response to my request. Mr. Campanelli, likewise, has shared that he has not heard from the Village government. I am submitting my request, again, and requesting a response at the October 17th meeting of the Board of Trustees.
