1. Area Variances Village Code Section(s): 230-40 A (1) , 230-40 B

Description of variance requested: Hot tub variance

- Variance for accessory building in front yard
- Variance for accessory building less than 5' from lot line.
- Variance for accessory building nearer to street than primary building

(can use separate paper if necessary)

	Required setbacks:	Proposed Setbacks:	Variance Requested:
Side Yard (accessory)	<u>5</u>	<u>+/- 2'</u>	<u>+/- 3'</u>
Total Side Yard			
Front Yard			
Rear Yard			

The ZBA shall take into consideration the benefit to the applicant if the variance is granted as weighed against the detriment to the health, safety and welfare of the neighborhood or community by such a grant. To be considered:

- Whether an undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties;
- Whether the benefit sought by the applicant can be achieved by some method, feasible for the applicant to pursue, other than an area variance;
- Whether the requested area variance is substantial;
- Whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district;
- Whether the alleged difficulty was self-created, which consideration shall be relevant to the decision of the ZBA but shall not necessarily preclude the granting of the area variance.
