1. Area Variances

Village Code Section(s): 230-33

Description of variance requested:

~~Requesting Variance of Floor Area Ratio, to exceed 0.2 to 0.24. Constraints due to small site lot has made addition of Second Story on existing foundation footprint exceed FAR~~

(can use separate paper if necessary)

	Required setbacks:	Proposed Setbacks:	Variance Requested:
Side Yard	20	existing to remain	
Total Side Yard	50	existing to remain	
Front Yard	40	31' existing condition	
Rear Yard	30	existing to remain	
FAR	.2	.24	YES <u>.04</u>

The ZBA shall take into consideration the benefit to the applicant if the variance is granted as weighed against the detriment to the health, safety and welfare of the neighborhood or community by such a grant. To be considered:

1. Whether an undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties;
2. Whether the benefit sought by the applicant can be achieved by some method, feasible for the applicant to pursue, other than an area variance;
3. Whether the requested area variance is substantial;
4. Whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district;
5. Whether the alleged difficulty was self-created, which consideration shall be relevant to the decision of the ZBA but shall not necessarily preclude the granting of the area variance.

Provide additional information for all five factors above:

~~This residence is located on a small lot, making the addition of a second level on the existing footprint exceed FAR. The adjacent property, 4 Kuney recently was approved for similar FAR variance for a 2nd story.~~
