Last year, members of our emergency services responded to Senasqua Park to help free a child who had gotten stuck in one of the swing sets. Upon further investigation of the incident, it was determined that the child had special needs and there was no inclusive play equipment in the playground. The cost of installing an inclusive swing was approximately \$2,000.

Both the Croton Rotary Club and the Croton Police Association offered to donate to this cause; the Rotary Club contributed \$500 and the Police Association donated \$1,000. The Village will cover the remaining cost.

I would ask that the Board accept these donations and I thank the two organizations for their generous contributions.
