

To Whom it May Concern:

Our neighbor, Nancy Heppner of 9 Bank Street, has advised us that she wishes to build a 10'x16' deck within her back yard. The back yard of our property is adjacent to the back yard of her property. We understand that the proposed deck would be only 8 feet from our property line instead of the 15 feet that is normally required; and that she is applying for a variance. We have no objections or concerns regarding this plan.

Thank you for your attention,

Mersija Hadzihasanovic
