RESOLUTION

Robert Serrell has applied to the **Zoning Board of Appeals** of the Village of Croton-on-Hudson, for a variance from Code Section 230-40 C (1) for a proposed fence greater than 30 inches on a corner lot in the sight distance area.

The property, at 81 Cleveland Drive, is located in a RA-5 District and is designated on the Tax Maps of the Village as Section 79.09 Block 9 Lot 40.

This proposed action is considered a Type II Action under the State Environmental Quality Review Act (SEQRA), therefore, no Negative Declaration is required.

A public hearing having been held after due notice, this Board, after reviewing the application and viewing the premises and neighborhood concerned, finds:

1. No undesirable change in the character of the neighborhood nor detriment to nearby properties will be produced by the granting of the variance.
2. The benefit sought by the applicant cannot be achieved by a method other than the requested variance.
3. The requested variance is not substantial.
4. The proposed variance with the mitigation of moving the fence along Cleveland Drive to provide sight distance will not have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district;
5. The difficulty alleged by the applicant was not self-created.

NOW, THEREFORE, BE IT RESOLVED, that the variance for a proposed fence greater than 30 inches on a corner lot in the sight distance area is hereby **GRANTED** subject to the following conditions, and the Zoning Board of Appeals further finds the variance granted herein is the minimum variance necessary and adequate.

Motion: Mr. Simon

Second: Mr. Olcott

Vote: AYES 3 NAYS 1

Condition(s):

1. That, according to Section 230-164(E), "Unless work is commenced and diligently prosecuted within one (1) year of the date of the granting of a variance or special permit, such variance or special permit shall become null and void".
2. That, the variance is granted based on the plans and other documents submitted in support of the application.
3. That, the fence will be in accordance with the Engineering Department's drawings (Exhibit "A" attached) which shows moving the fence along Cleveland Drive approximately 5' from the property line to provide sight distance.
4. That, the fence will be scalloped and range from 42-48" in height.
