Re: Welding Services - Bid # 07-2023

Annually, the Village of Croton contracts with a welding company to assist the Department of Public Works with welding services that cannot be performed in-house. Often, the work completed under this contract is structural in nature and must be performed by a certified welder.

On November 10, 2023, the Village of Croton-on-Hudson advertised for invitations to bid on the **Welding Services** project (Bid # 07-2023). On November 21, 2023, two bids were received and publicly read. The following results were returned:

Bid Results:

	<u>Bidder</u>	<u>Bid Amount</u>
1.	<u>Senco Metals</u>	<u>\$ 84,000</u>
2.	<u>Santella Welding</u>	<u>\$ 34,720</u>

Santella Welding has provided the Village with excellent service over the past few years, and has been responsive to any issues that have occurred. I recommend approving Santella Welding's proposal for the *Welding Service* contract in the amount of \$34,720.00. Funding for this contract is included in the 2023-2024 operating budget.
