Re: Bench request – Cleveland Drive

I have received a letter from Missy Corvinus requesting to donate a bench to honor her father, Tony Farano. The desired bench location would be on Cleveland Drive across from Arlington Drive. The family will be paying for the cost of the bench and plaque.

The Dept. of Public Works has reviewed this request and agrees that the bench can be placed in this location. It will be a nice addition to the neighborhood.

In accordance with the recently-adopted gifts and donations policy, the Village Board must accept this donation before it can move forward.

Please let me know if you have any questions.
