Len Simon
Maria F. Slippen

Village Manager
Bryan T. Healy

Village Treasurer
Genette Toone

Village Clerk
Pauline DiSanto

I am requesting that the Village Board update the provisions related to the establishment of a lien for unsafe buildings in Chapter 90 of the Village Code.

This section of the Code currently references the Village Assessor, a position that no longer exists, and also does not include a process by which the property owner can file an appeal. These changes will standardize this section of the code with other sections that allow for the imposition of a tax lien.

Please let me know if you have any questions.
