RECITALS

WHEREAS, in response to serious flooding issues throughout Westchester County, in 2011 the County enacted the Westchester County Storm Water Management Law (“SWML”) to assist municipalities with storm water management (flood mitigation). See Laws of Westchester County Chapter 241, Article III-A, Sections 241.252-241.260. The SWML provides for the evaluation of flooding within the County through preparation of watershed “reconnaissance plans”, and the SWML authorizes County cooperation with municipalities, including funding assistance, to improve storm water management and reduce flooding. The SWML authorizes the creation of a Storm Water Advisory Board (the “SWAB”) to assist County municipalities in addressing flooding; and

WHEREAS, the SWML enables the County to partner with municipalities within Westchester County to provide funding for flood mitigation and/or flood damage reduction projects; and

WHEREAS, the SWML funding program is divided into “Phase I” funding and “Phase II” funding; and

WHEREAS, Phase I funding is up to fifty (50) percent toward the costs for the preparation of detailed design, specification and construction documents for flood mitigation and/or flood damage reduction projects; and

WHEREAS, Phase II funding is up to fifty (50) percent toward the costs for the implementation and construction of flood mitigation and/or flood damage reduction projects; and

WHEREAS, approval by the Board of Legislators for Phase I funding does not guarantee approval for Phase II funding; and

WHEREAS, the Municipality wishes to participate in the SWML funding program and has submitted an application to the County for Phase II financial assistance to address flooding problems within the Municipality; and

WHEREAS, a Storm Water Reconnaissance Plan has been prepared by the County departments of Planning and Public Works and Transportation pursuant to the SWML entitled the Peekskill and Haverstraw Bays Watershed (the “Reconnaissance Plan”); and

WHEREAS, the Reconnaissance Plan was recommended by the SWAB to the County Executive and the Board of Legislators; and

WHEREAS, the Board of Legislators approved the Reconnaissance Plan on August 4th, 2014, pursuant to Act No. 135 - 2014; and

WHEREAS, the area of flooding for which the Municipality wishes to participate in the SWML funding program is identified in a study or as a flood problem area in the Reconnaissance Plan; and

WHEREAS, pursuant to the SWML funding program and in an effort to protect County-owned and/or managed infrastructure, assets and property, including the protection of County bridges, sanitary sewer and/or storm water pipes, and County parkland and other municipal and private property, the County desires to contribute Phase II funding to the costs of construction associated with new stormwater infrastructure to reduce flooding on residential and commercial properties along Brook Street between Old Post Road and North Riverside Avenue in the Village (the “Project”); and

WHEREAS, the Municipality has prepared designs, specifications and construction documents for the Project and the Project has been presented to and received support from the County Stormwater Advisory Board.

NOW, THEREFORE, in consideration of the mutual representations, covenants and agreements herein set forth, the County and the Municipality, each binding itself, its successors and assigns, do mutually promise, covenant and agree as follows:

ARTICLE I

TERM

Section 1.0. The recitals are hereby incorporated by reference into the body of this Agreement.

Section 1.1. The term of this Agreement shall be for a period commencing upon full execution hereof by both parties and approval of same by the Office of County Attorney, as evidenced by the date on the top of page 1 of this Agreement, and shall continue for a period equal to or greater than the life of any bonds issued by the County to fund the County's portion of the Project, which is estimated to be thirty (30) years.

ARTICLE II

TERMS OF PAYMENT, EASEMENT AND MUNICIPALITY REPRESENTATIONS

Section 2.0. Pursuant to the County's SWML funding program and in an effort to protect County-owned and/or managed infrastructure, assets and property, including the protection of County bridges, sanitary sewer and/or storm water pipes, and County parkland and other municipal and private property, the County desires at this time to contribute Phase II funding toward construction costs of the Project, including any final designs and construction documents. The Project is owned by the Municipality and consists of flood mitigation and/or flood damage reduction work. The scope of work for this Phase II funding agreement is more fully described in Schedule "A", attached hereto and made a part hereof. In consideration for the County's aforesaid contribution, the Municipality represents that

it shall complete the design, specification, construction documents and construction of the Project in accordance with Schedule “A” and all of the other terms of this Agreement.

The County agrees to finance the design, specification, construction documents and construction for the Project on a reimbursement basis. It is recognized and understood by the Municipality that at the time of execution of this Agreement, the County has obtained appropriations and bonding authority to finance up to \$750,000.00 for the construction of the Project. The County share of the construction of the Project shall not exceed that amount. Eligible project construction costs up to \$1,402,000.00 shall be paid fifty (50) percent by the County (up to \$701,000.00) and fifty (50) percent by the Municipality; provided, however, should the total eligible project construction costs be less than \$1,402,000.00, the County shall only be responsible for fifty (50) percent of the lesser amount. The Municipality shall be responsible for all costs in relation to the Project that exceed the County’s contribution set forth herein, and under no circumstances or conditions, whether now existing or hereafter arising, or whether beyond the present contemplation of the parties, shall the County be expected or required to make any payment of any kind whatsoever or be under any other obligation or liability hereunder in connection with this Project except as herein expressly set forth.

The County does not provide or extend any warranty of fitness for a particular purpose or workmanship for any work undertaken in connection with, or paid under, this Agreement. Payment hereunder by the County shall operate as a release to the County from any and all obligations or liabilities in connection herewith to the Municipality, its contractor(s), or subcontractor(s) hereunder.

Section 2.1. The Municipality represents that within one (1) year of the date hereof that the “Flood Mitigation Criteria” developed by the SWAB and approved by the Board of Legislators will have been adopted in the Municipality’s appropriate land use regulations, guidelines and policies or in stand-alone form, and documentation of the adoption of such policies must be provided to and approved by the Commissioner of the County Department of Planning (“Planning Commissioner”). It is understood and agreed to by the Municipality that the payment of County funds under this Agreement for the Project is contingent upon the Municipality’s adoption of the aforesaid policies.

Section 2.2. The parties agree that all payments made by the County to the Municipality shall be on a reimbursement basis only. Any and all requests for payment to be made, including any request for partial payment upon completion of a portion of the Project, shall be submitted by the Municipality on properly executed payment vouchers of the County and paid only after approval by the Planning Commissioner and the Commissioner of the Westchester County Department of Public Works and

Transportation (“DPWT Commissioner”). The Municipality agrees that it shall submit all documentation that the County may require to substantiate all requests for payment. All payment vouchers must be accompanied by a numbered invoice and must contain the invoice number where indicated. All invoices submitted during each calendar year shall utilize consecutive numbering and be non-repeating. In no event shall a *final* payment be made to the Municipality prior to completion of the Project and the approval of same by the Planning Commissioner and DPWT Commissioner. If at any time the Municipality shall neglect or fail to perform properly any of its obligations under this Agreement, the County shall have the right to withhold, in whole or in part, any payments otherwise due or to become due to the Municipality hereunder until such neglect or failure shall have been remedied to the reasonable satisfaction of the County.

Section 2.3. Prior to the construction of the Project, the Municipality agrees to convey to the County, its successors, and assigns a non-exclusive easement(s) (the “Easement(s)”) in, upon, under and over that portion of the Municipality’s property within which the Project is located (the “Property”), which Easement(s) shall be substantially in the form attached hereto and made a part hereof as Schedule “B”. The Municipality shall be solely responsible for obtaining any and all easements on non-Municipally-owned property needed in connection with the carrying out the Project and shall provide copies of said easements to the Planning Commissioner. Said easements shall name Westchester County as a Grantee solely for the purposes of carrying out the work needed to accomplish the Project and said easements shall be for a term equal to or greater than the life of any bonds issued by the County to fund the County’s portion of the Project.

Section 2.4. The Municipality represents warrants and guarantees that:

(a) It is a municipal corporation duly organized, validly existing under the laws of the State of New York; the execution and performance of this Agreement by the Municipality has been duly authorized by its governing body; this Agreement, and any other documents required to be delivered by the Municipality when so delivered, will constitute the legal, valid and binding obligations of the Municipality in accordance with their respective terms; and the Municipality will deliver to the County at the time of execution of this Agreement a resolution adopted by its governing body authorizing the execution of this Agreement, and any other documents required to be delivered by the Municipality, including the aforesaid Easement;

(b) The person signing this Agreement on behalf of the Municipality has full authority to bind the Municipality to all of the terms and conditions of this Agreement pursuant to the resolution granting such authority by the Municipality's governing body, as noted above;

(c) It is financially and technically qualified to perform its obligations hereunder, including without limitation, full implementation of the Project; and

(d) The Municipality acknowledges that the County is acting in reliance on the above representations.

ARTICLE III

Section 3.0. The Municipality shall be responsible for all construction phases of the Project, including, but not limited to, any additional study or engineering necessary to fully comply with the requirements of the funding program, final engineering, specifications and designs, and all phases of construction and post-construction elements. The Municipality shall submit any required documentation, including additional engineering or progress reports, to the DPWT Commissioner or his duly authorized representative and to the Planning Commissioner or her duly authorized designee for review, and said design plans and specifications shall be mutually approved by all parties. The Municipality shall fully complete the project tasks as set forth in Schedule "A" and submit proof of such completion to the County for its review and approval on or before five (5) years from the date of the execution of this Agreement by all parties. Notwithstanding the foregoing, the parties may agree to a twelve (12) month extension of time for completion, subject to all necessary legal approvals for such extension of time. In connection with the Project, the Municipality shall obtain all required approvals and permits and promptly execute and comply with all statutes, ordinances, rules, orders, regulations, codes and requirements of the Federal, State, County and municipal governments of the County. As further consideration for the County’s financial contribution toward the Project, the Municipality certifies that it has adopted municipal zoning code provisions and/or policies which reflect the guidance provided in the Model Ordinance Provisions and the Municipality is committed to affirmatively further fair housing, including a ban on local residency requirements and preferences and other selection preferences that do not affirmatively further fair housing, except to the extent provided in the Model Ordinance Provisions.

Section 4.2. The Municipality agrees to offer to the County a Right of First Refusal to retain and/or purchase any and all land acquired in rem to be used for housing that affirmatively furthers fair housing (“AFFH”).

Section 4.3. The Municipality agrees to actively affirmatively further fair housing through its land use regulations and other affirmative measures to assist the development of affordable housing.

Section 4.4. The Municipality further agrees to market housing units that affirmatively further fair housing in accordance with Westchester County’s Affirmative Fair Housing Marketing Plan throughout the period of affordability.

Section 4.5. Nothing in this Agreement is intended to affect the County’s interest in the Project or release the Municipality from its obligations under the law with respect to affordable AFFH units.

Section 4.6. Should the Municipality fail to abide by any of the above conditions, the Municipality shall, upon thirty (30) days written notice by the County, refund any funds paid to the Municipality under this Agreement.

County’s Discretionary Funding Policy attached hereto.

**WESTCHESTER COUNTY FAIR AND AFFORDABLE HOUSING
IMPLEMENTATION PLAN
August 9, 2010**

Appendix D-2(ii): Discretionary Funding Allocation Policy
as approved January 10, 2012

DISCRETIONARY FUNDING POLICY

In August 2009, Westchester County entered into a Stipulation and Order of Settlement and Dismissal in *US. ex rel. Anti-Discrimination Center of Metro New York v. Westchester County, New York* (the "Settlement Agreement"). Beginning on March 1, 2012, the grant of discretionary intermunicipal funding, including but not limited to County Open Space funds and CDBG funding, ("Discretionary Funding") to municipalities eligible under the Settlement Agreement ("Recipient Eligible Municipalities") shall be conditioned, as appropriate, upon the Recipient Eligible Municipality's commitment to affirmatively further fair housing within its borders. This policy does not apply to municipalities in Westchester County other than the Recipient Eligible Municipalities.

Each Recipient Eligible Municipality shall be required to commit to the County, in writing, that it is in compliance with the following terms and conditions in connection with its commitment to affirmatively further fair housing:

- (a) Recipient Eligible Municipality has adopted municipal zoning code provisions and/or policies which reflect the guidance provided in the Model Ordinance Provisions approved pursuant to the Settlement Agreement and demonstrate a commitment by the Recipient Eligible Municipality to affirmatively further fair housing, including a ban on local residency requirements and preferences and other selection preferences that do not affirmatively further fair housing, except to the extent provided in the Model Ordinance Provisions;
- (b) Recipient Eligible Municipality will offer the County a Right of First Refusal to retain and/or purchase any and all land acquired in rem to be used for housing that affirmatively furthers fair housing; and
- (c) Recipient Eligible Municipality will actively further implementation of the Settlement Agreement through its land use regulations and other affirmative measures to assist the development of affordable housing.

Such commitments by Recipient Eligible Municipality shall be stated in the funding agreement between the County and the Recipient Eligible Municipality.

The funding agreement will also provide that housing units that affirmatively further fair housing must be marketed in accordance with Westchester County's Affirmative Fair Housing Marketing Plan approved pursuant to the Settlement Agreement, throughout the period of affordability.

Applications for Discretionary Funding submitted by non-municipal entities will be reviewed to determine whether or not such entity is acting as an agent of a municipality for purposes of the project for which funding is sought. If such entity is deemed to be acting in the capacity of agent for a municipality, the application will be subject to a review of the agent-municipality's compliance with the policy of affirmatively furthering fair housing stated above. The determination as to whether an agency relationship exists will be based on the principles of law relating to agency relationships in New York State, and the fact that the non-municipal entity/applicant may be required by local municipal codes to obtain municipal approvals or abide by municipal processes for such approvals in connection with such application will not be determinative of the agency relationship. Westchester County will provide notice of all non-municipal applications for funding to the local municipality in which the funding is proposed to be spent.

The County's audit rights under any grant of or funding agreement for Discretionary Funding will extend to all documents, reports, and records which relate to the Recipient Eligible Municipality's commitment to affirmatively further fair housing as described herein. Should Recipient Eligible Municipality fail to abide by any of the above conditions, Recipient Eligible Municipality will be obliged, upon thirty (30) days written notice by the County to refund any Discretionary Funding paid to the Recipient Eligible Municipality.
