Since the beginning of 2025, the Village has been successful in receiving a number of grants totaling \$916,988:

- Safety Training – Dept. of Public Works: Our workers compensation carrier has provided a grant to train DPW employees on operating in confined spaces (\$3,500).
- CREST – Sen. Harckham: The Village has received a grant towards the removal/replacement of the playground and basketball court at Dobbs Park (\$100,000).
- Westchester County: The county’s stormwater program has provided a grant to help fund construction of new storm drainage along Terrace Place and Brook Street (\$701,000).
- NYS Dept. of Environmental Conservation: DEC has provided funding towards the cost of a recycling truck for DPW (\$62,150).
- Justice Court Assistance Program: The court received funding to help purchase a new metal detector for the courtroom (\$2,442).
- NYS Dept. of Environmental Conservation: The Village received reimbursement towards the purchase of three zero-emission vehicles (\$20,000).
- Accreditation – Police Department: Our workers compensation carrier has provided a grant to revise the existing manual for the police department (\$19,595).
- Governor’s Traffic Safety Committee: The state reimburses the Village for certain overtime shifts in various safety campaigns (\$4,800).
- NYS Dept. of Environmental Conservation: The Fire Department will be receiving funds to put towards the purchase of a trailer for its utility terrain vehicle (\$3,500).

In obtaining these grants, the Village is able to allocate its resources towards other projects and equipment without having to further raise taxes or finance purchases.
