RE: *Referral from Village Board of Trustees to review correspondence from NY State Department of Transportation for a Local Waterfront Revitalization Program (LWRP) Consistency review for the biennial painting of long lines on state roadways.*

DATE: October 30, 2026

On Thursday, October 29, 2026, the Waterfront Advisory Committee (WAC) reviewed the referral listed above for consistency with the Village's Local Waterfront Revitalization Program (LWRP). Based on the Committee's review of the 44 LWRP policies, the Waterfront Advisory Committee made a recommendation of consistency with the LWRP.

Chairman Simon summarized that this project would remark and reapply long line pavement markings to maintain their intended properties and delineation, ensuring roadways remained properly defined. This project is exempt from SEQR. It was noted that this project has been done before successfully.

The WAC reviewed the 44 LWRP policies and determined that none were applicable.

It is for the reasons contained in this memorandum that the WAC issues its recommendation of consistency.
