6. Drinking Water:

- A. Does your water come from a city/town water supply? ☒ Yes ☐ No

If yes, provide the name of the city/town water supplier to which you pay your water bill
Falmouth and **skip to Item 7**, Wastewater Disposal, on the following page.

If no, continue:

- B. Is or was your business regulated by the State Drinking Water Program as a public water system?
☐ Yes ☐ don't know (*If your business uses city/town water you are not a regulated public water system*).
- If yes, provide your Public Water System ID # _____ and **skip** to Item 7, Wastewater Disposal, on the following page.
 - If you checked **Don't know**, contact the Drinking Water Program at 207-287-2070 for assistance. If the Drinking Water Program provides you with PWSID #, enter it here: _____ and skip to Item 7
 - If no, continue:
- C. Will your business serve tap water in any of the following forms? Check all which apply.
- ☐ Cups/glasses of water.
 - ☐ Drinks made on site (soda, lemonade, slush drinks, iced tea, juices, etc.).
 - ☐ Ice made onsite.
 - ☐ Drinking water fountain.
 - ☐ Cups in the restroom or near any sink available to the public.
 - ☐ Water used as an ingredient for uncooked foods made onsite. For example, instant gelatin desserts.
 - ☐ Other, specify: _____
- If you did not check any boxes above and your business was not a regulated public water system in the past, complete the water tests listed in E.1.a below and submit water test results with this application. **Skip** to Item 7, Wastewater Disposal, on the following page.
 - If you did check any boxes above, continue.
- D. Indicate source, or potential source, of water ☐ Drilled Well ☐ Dug Well ☐ Surface Water.
- If you checked "Dug Well" or "Surface Water" call the Drinking Water Program at 207-287-2070 and **skip** to Item 7, Wastewater Disposal, on the following page.
- E. Is the drinking water well an existing well (already drilled?) ☐ Yes ☐ No

If No, please STOP. Contact the Maine Drinking Water Program at 207-287-2070 for further instructions before drilling the well.

If Yes, please provide the following:

E.1 Water Test Results from a Certified Laboratory for the following tests:

- Total Coliform bacteria, nitrate, and nitrite: samples must be taken within three months before the date this application is received. Fluoride, chloride, hardness, antimony, iron, pH, manganese, uranium, arsenic: samples must be taken within one year before the date this application is received.
- If there are underground fuel storage tanks within 1000 feet of the well, a volatile organics water test (VOC 524) must also be done.
- Additional sampling may be required if known contamination has occurred near the well. For a list of Certified Laboratories, see www.medwp.com or call the Maine Drinking Water Program at 207-287-2070.

E.2 A site plan (more detailed map of the well site) – see the example provided in Appendix A on page 10.

E.3. Drilled well construction information (if known):

Depth _____ ft. Length of casing _____ ft. Yield _____ gal/min.

E.4 A description of the major components in the water system:

Storage (type of tank and size): _____

Treatment (type, manufacturer): _____

Piping (type, above or below ground): _____

E.5 Distance from the well to the nearest point of all leachfields (septic systems) within 300 feet? _____ (feet). ***If less than 300 feet, please stop and contact the Drinking Water Program at 207-287-2070 before submitting this application.***

E.6 Distance from the well to all underground storage tanks within 1000 feet? _____ (feet). ***If less than 1000 feet, please stop and contact the Drinking Water Program at 207-287-2070 before submitting this application.***

E.7 Distance from the well to the nearest property line? _____ (feet)

E.8 How much land is controlled and/or owned around the well? _____ (acres)

If you qualify as a public water system (PWS), you will be assessed a fee by the Maine Drinking Water Program on July 1st of each year.

7. Wastewater Disposal:

Is wastewater disposal to an on-site septic system, either proposed or existing? ☐ Yes ☒ No

If yes, include a copy of your Septic System Design Form (HHE-200) prepared by a licensed Site Evaluator, which demonstrates that the system is sized to accommodate your proposal.

If you do not have a copy of the Septic System Design Form (HHE-200) please call the Subsurface Wastewater Team at 207-287-5689 to verify if an HHE-200 Form is already on file.

Refer to our website for more information on septic systems at www.mainepublichealth.gov/septic-systems or call us at 207-287-5689.

If no, please provide the name of the city, town or utility district to which you pay your sewer bill, or a copy of an overboard discharge license issued by the Maine Department of Environmental Protection.

Public Sewer Entity: Falmouth

8. Menu:

Attach a copy of your menu, or a draft menu.

Please see next page

Evolutions Market At TD Bank North

Sample Cafeteria Menu

Fresh Macaroni & Cheese Entrée-- Cavatappi pasta mixed with rich cheddar cheese. Heat and Serve (allergens wheat and dairy)

CERTIFIED FOOD PROTECTION MANAGER(S) See below.						
Name: Michael Pattershall		Certificate Date: 8-5-15				
Name: Mark Hubert		Certificate Date: 2-11-15				
Name:		Certificate Date:				
Name:		Certificate Date:				
<p>IMPORTANT: A Certified Food Protection Manager (CFPM) must be hired within 90 days of a new eating establishment opening, a change of ownership, or when a Certified Food Protection Manager leaves employment. Contact the Health Inspection Program at 207-287-5671 for more information. Go to www.maine.gov/healthinspection for a list of CFPM courses. Provide a copy of a CFPM certificate for each certified person.</p>						

11. Campground Plan:

Is the campground a wilderness campground (non-pressurized water and no central sewers or bathroom facilities) or a conventional campground with pressurized water and sewer/bathroom facilities?

Check one: ☐ wilderness campground ☐ conventional campground ☐ combination ☐ temporary

Submit a site plan of the campground prepared by a knowledgeable party showing camping areas, with number of sites, location of roads, electrical and water hookups, and sewer hook-ups, if any are provided. If the plan is not drawn to scale, the dimensions and setbacks must be clearly labeled.

Indicate where dump station(s) are located and the location of restroom facilities including number of toilets, urinals, lavatories, and showers. Also include the number of any portable toilets for temporary campgrounds, and show their location(s) on the site plan.

The campground site plan must show the location of any drinking water wells within 300 feet of any wastewater disposal systems or fuel storage tanks, and the location of any wastewater disposal systems used on the campground. Refer to the Campground Rules at www.maine.gov/dhhs/eng/el/rules.htm.

12. Agricultural Campground Checklist:

Submit site plan of fair grounds. Use the following as a simplified check list:

- ☐ Are the camping areas shown with sites indicated?
- ☐ Indicate the sites that have electrical, water, and/or sewer hook-ups at the site.
- ☐ Indicated whether the sites are for self-contained units.
- ☐ Location of the dump station(s).
- ☐ Will you contract with a septic tank pumper? ☐ Yes ☐ No
- ☐ Location of restroom facilities including number of toilets, urinals, and lavatories.
- ☐ Do you intend to have spaces for campers (pop-ups and tents)? ☐ Yes ☐ No
- ☐ If campers without self-contained RVs are to be allowed, please indicate the number of portable toilets and location. (The rules require 8 per every 100 sites).
- ☐ Location of any drinking water wells and subsurface sewage disposal systems used on the fair grounds.

13. License Fees:

Please refer to the License Type & Fees for specific fees for various licenses on pages 2 and 3

MAKE CHECK OR MONEY ORDER PAYABLE TO: TREASURER, STATE OF MAINE (Fees are non-refundable.)

PLEASE MAIL TO:

**Health Inspection Program
11 State House Station
286 Water Street 3rd Floor
Augusta, ME 04333-0011**

If you have questions, please call the Health Inspection Program at 207-287-5671.

We wish you great success in your business!

A separate State issued Liquor License is required if you plan to sell or serve alcoholic beverages. You must be in compliance with Health Inspection Program license requirements to obtain and retain a liquor license. For more information, go to www.maine.gov/dhhs/eng/el/apply/licensing and contact the Health Inspection Program at 207-287-5671. Additional licenses may also be required, including but not limited to a Municipal Vendor's License. Please contact your town or city for more information.
