Re: Appointment of James Welsch to Assistant Superintendent

Please consider James Welsch for the position of Assistant Superintendent of the Department.

James is very important in all aspects of water and sewer planning and implementation, which helps with the day to day operations of the department. Since he has been here, he has proven himself as a very valuable asset. He has the respect from the staff he oversees, which makes everyone more dedicated, and creates a good working environment.

Thank you for your consideration.
