POLICY MEMORANDUM FOR ALL STAFF OF THE TOWN OF GUILDERLAND INDUSTRIAL DEVELOPMENT AGENCY

SUBJECT: Town of Guilderland Industrial Development Agency Records Retention and Disposition Schedule MI-1

PURPOSE:	To explain requirements	associated v	with maintaining	g records,	effective
	This is	s in effect ur	ntil revoked or a	mended.	

Once the MI-1 Schedule has been formally adopted valueless records may be disposed of continually as they meet their stated minimum retention periods. Some of the advantages of a program for systematic, legal disposal of obsolete records are that it ensures that records are retained as long as they are actually needed for administrative, fiscal, legal, or research purposes.

Suggestions for systematically approaching the disposition process include the following:

- (A) designate a Records Management Officer to coordinate or directly carry out disposition.
- (B) Disposition should be carried out regularly, at least once a year. Duplicate copies of records, including copies maintained on different media (paper, electronic, etc.), may be disposed of in accordance with item no. 19 of the General section of this Schedule.
- (C) State law does not prescribe the physical means of destruction of most records. For records containing confidential information, disposition should be carried out in a way that ensures that the confidentiality of individuals named in the records is protected.
- (D) A record should be kept of the identity, inclusive dates, and approximate quantity of records that are disposed.
- (E) The Records Management Officer, or other official who carries out disposition, should describe what has been done to dispose of records during the year in an annual report to the governing body.

For more information contact the New York State Archives, part of the Office of Cultural Education, an office of the New York State Education Department.

Reminders

- 1. Records created before 1910 (even those which have been microfilmed) are not eligible for disposition without written permission from the State Archives.
- 2. No records may be disposed of unless they are listed on this Schedule, or their disposition is covered by other state laws.
- 3. Records common to most offices are listed under the General section of the Schedule.
- 4. Records being used in legal actions must be retained for one year after the legal action ends, or until their scheduled retention period has passed, whichever is longer.
- 5. Any record listed in this Schedule for which a Freedom of Information (FOIL) request has been received should not be destroyed until that request has been answered and until any potential appeal is

made and resolved, even if the retention period of the record has passed. See FOIL for information on accessing Agency records.

- 6. Records being kept beyond the established retention periods for audit and other purposes at the request of state or federal agencies must be retained until the local government receives the audit report, or the need is satisfied.
- 7. Retention periods on this Schedule apply to one "official" copy designated by the local government, unless otherwise stated.
- 8. The retention periods listed on this Schedule pertain to the information contained in records, regardless of physical form or characteristic (paper, microfilm, computer disk or tape, or other medium).
- 9. The State Archives has no legal authority to require local governments to create records where no records exist, even if the records in question are listed on this Schedule.
- 10. The Budget, Payroll and Purchasing sections are now subsections of the Fiscal section. The Planning and Zoning sections are now subsections of the Building and Property Regulation section. Radiological Health records have been moved from the Environmental Health section to the Public Health section. New sections have been added to cover records of Educational Opportunity Centers and Heritage Areas (Urban Cultural Parks).
- 11. The State Archives cannot identify all record series with historical significance for individual local governments. Local officials will need to appraise records with nonpermanent retention periods for potential research or historical value before destroying them.
- 12. Certain records may need to be retained for one year longer than *Schedule MI-1* dictates if those records are subject to the requirements stated in Section 29.2 of *8NYCRR* for health professionals, other than physicians, employed by or associated with local governments.
- 13. The Local Government Records Law and *Schedule MI-1* do not address confidentiality of records. Confidentiality of records is often dependent upon what information they contain. Local officials should address such questions to the Committee on Open Government, their own counsels, or other state or federal agency having oversight of the records in question.
