

**Town of Nolensville**  
**Trails, Arts, Parks, and Streetscapes Advisory Committee**  
**April Regular Meeting Minutes**  
**April 14, 2026, 5:00 pm**

### **Call to Order and Establish Quorum**

Members present: Simons, Stephenson, Wu, Minard, Beard, Brekke

Members absent: Craig, Gray, Parston

Quorum Established

### **Approval of March 3, 2026 Minutes**

Beard motioned to approve minutes; Minard seconded. Motion passed unanimously.

### **Public Comment**

#### **Buttercup Festival Volunteer Opportunities**

Tracey Windrow, Chair of the Buttercup Festival, shared volunteer opportunities for the upcoming festival. Volunteers are needed for:

- Vendor check-in from approximately 7:00 a.m. to 9:00 a.m.
- Staffing the Town booth and assisting with T-shirt sales throughout the day
- Minard volunteered for the early morning shift. Volunteers were directed to sign up through the Town website.

#### **Earth Day Clean Up**

Mary Kate Pollreis announced that Friends of Nolensville Parks and the Nolensville Running Club would host an Earth Day trash cleanup event on April 18 from 9:00 a.m. to 11:00 a.m. at Gregory Park. The event will include multiple cleanup locations suitable for both adults and children.

Pollreis also inquired about leftover seed giveaway supplies from the previous year's Buttercup Festival. Committee members discussed potentially donating remaining supplies for community use.

Wu offered assistance promoting future cleanup events through Mother Teresa Catholic Church communications channels.

### **Trails Discussion**

Enoch Jarrell provided updates on current and proposed trail and sidewalk projects:

- Potential trail connection from Baronswood to Countryside
- Potential connection along Oldham Drive and Dorchester toward Stonebrook
- Approximately \$550,000 has been included in the proposed capital budget for future trail and sidewalk projects pending Board of Commissioners approval
- Jarrell noted the Town is standardizing new sidewalks and trails at five feet wide where feasible.

Beard raised concerns about a utility guide wire obstructing the sidewalk along Brittain Lane near Brittain Downs subdivision, creating a safety concern for bicyclists and pedestrians. Jarrell stated he would review the area.

Discussion also included challenges associated with retrofitting trails into existing neighborhoods due to easement and HOA limitations.

### **Arts Discussion**

#### **Brushstrokes Across Nolensville**

Stephenson provided an update on the 2026 "Brushstrokes Across Nolensville" banner program:

- Artwork is expected to be sent to the printer within the next few weeks
- A reception is being planned for selected artists
- Student banner entries may include artist names pending parent approval
- Approximately 10 student entries selected
- Approximately 35--37 adult entries selected

- 3 photography entries selected

Public Works will assist with banner installation.

Stephenson noted the committee intends to use a local printer recommended through community connections.

Stephenson announced that the student artwork banners from the Brushstrokes program will be displayed around the perimeter of Village Green at the corner of Rocky Fork Road and Nolensville Road.

### **Chalk Art Event**

The committee discussed the possibility of organizing a future community chalk art competition inspired by a previous community art activity held during COVID. Ideas included:

- Hosting at a central public location
- Potentially tying the event to another Town event
- Encouraging patriotic themes tied to America's 250th anniversary celebrations
- Members agreed the concept would be inexpensive and community-oriented

### **Parks Discussion**

#### **Chrismon-Brown Park & Greystone Park**

Enoch Jarrell reported:

- Permitting is underway
- The project is expected to go out to bid in the coming months
- Demolition and site cleanup have been completed
- Approximately \$120,000 has been spent on remediation and cleanup
- The site is currently being prepared as a flat open play field while future park planning continues.

Mayor Gallik noted the property now serves as a "blank slate" for future community use after years of legal and environmental remediation challenges.

### **Signage and Branding Discussion**

Simons initiated a discussion regarding future Town signage consistency and branding, particularly in relation to the future park signage at Sunset Road.

Topics discussed included:

- Developing a unified signage vision for the Town
- Potential branding standards for colors, fonts, and logos
- Possible distinction between Historic District branding and broader Town branding
- Revisiting previous Streetscapes wayfinding sign discussions presented in 2023
- Wu offered assistance with branding standards and signage development

The committee agreed to revisit prior signage materials and continue the discussion at the May meeting.

The committee discussed existing Town kiosks, including those at Gregory Park and near Beth Lothers Bridge. Members also raised concerns about overflowing trash receptacles near Beth Lothers Bridge during weekends due to increased public usage.

### **Streetscapes Discussion**

Simons commented positively on updated landscaping within the development across from Town Hall and noted the addition of Tennessee flags at the Oldham monuments.

Mayor Gallik explained that a Greystone resident is coordinating maintenance and electrical service associated with the monument flags. The committee also discussed proper American flag lighting protocol and possible tree trimming needs. The resident raised the Tennessee flag as it has no lighting requirement. The resident reached out to MTEMC to secure power and will raise American flag once the upright has power.

The committee discussed the possibility of establishing a community beautification recognition initiative to acknowledge businesses or organizations contributing positively to landscaping and aesthetics throughout Town.

Ideas included:

- Commercial beautification awards
- Holiday lighting recognition
- Public acknowledgements from the Board of Commissioners

- Committee members agreed to continue researching possibilities for future discussion.

**Other**

No business discussed.

**Adjournment**

Motion made and seconded for adjournment.
