3. Construction of Required Public Infrastructure.

(a) In order to facilitate the development of the Plan Area, Developer agrees to cause the construction of the roads, sanitary sewer, water and storm water as shown on Exhibit C, which as set forth in the final plans and specifications therefor as approved by the City shall be the “Required Public Infrastructure” for purposes of this Agreement. The plans and specifications for the Required Public Infrastructure are being prepared in phases. Developer shall submit the plans and specifications for each phase of the Required Public Infrastructure for approval by the City and shall provide such plans and specifications to IDB after they have been approved by the City (the plans and specifications for all of the Required Public Infrastructure, as approved by the City, is referred to herein collectively as the “Approved Plans”). IDB will defer to the City in determining the specific components of public infrastructure that are to be included in the Required Public Infrastructure, and IDB shall rely on the City’s approval of the Approved Plans to indicate the City’s acceptance that the Approved Plans constitute all required components of the Required Public Infrastructure. Upon completion, the Required Public Infrastructure shall be dedicated to the City or the applicable utility in accordance with the City’s or the utility’s standard procedures for such dedication. IDB will defer to the City in approving any modifications or amendments to this Agreement or the Joint Agreement, and IDB shall rely on City’s approval thereof.

(b) Developer shall cause the Approved Plans to be promptly completed and shall commence construction of the Required Public Infrastructure not later than one (1) year following the Effective Date. Developer shall diligently pursue and complete construction of the Required Public Infrastructure in accordance with the Approved Plans no later than December 31, 2027. Developer shall not make any material changes to the Approved Plans without the prior written approval of the City. The foregoing requirements to complete the Required Public Infrastructure shall in all cases be subject to extensions for a period of time equal to the delay in completion caused as a result of Excusable Delay as hereinafter defined. “Excusable Delay” shall mean any delay in performance under this Section due to strikes, lockouts, or other labor or industrial disturbance, civil disturbances, labor shortages, supply chain shortages, transportation interruptions, pandemics, epidemics, quarantines, future order of any government, court or regulatory body claiming jurisdiction, act of the public enemy, war, riot, sabotage, blockade, embargo, lightning, earthquake, fire, hurricane, tornado, flood, washout, explosion, unusually inclement weather, moratorium or other unusual delay in obtaining necessary governmental permits or approvals (with Developer using commercially reasonable efforts to obtain the same) or any other cause whatsoever beyond the reasonable control of Developer (excluding financial inability to perform) to the extent that in each case of Excusable Delay, Developer has notified IDB in writing within thirty (30) days after the occurrence constituting Excusable Delay and the anticipated number of days by which performance is delayed of each Excusable Delay event and has specified in detail the circumstances as a result thereof.

(c) All such Required Public Infrastructure improvements shall be constructed in accordance with the regulations and policies of the City and all other applicable governmental authorities. If Developer fails to complete any of the Required Public Infrastructure improvements, other than any such improvements that consist of entry ways to private portions of the Project, then upon such notice and cure as would be applicable to any other Developer default hereunder as set forth in Section 8 hereof, the City or IDB may complete such Required Public Infrastructure improvements, and Developer shall reimburse the City or IDB, as the case may be, for all costs incurred in connection therewith, including damages, losses, costs and expenses. After the City or IDB is reimbursed for all such damages, losses, costs and expenses, Developer may be reimbursed from Tax Increment Payments (defined below) for Certified Costs (defined below) related to such Required Public Infrastructure, all as provided in Section 5.

(d) As costs related to the Required Public Infrastructure are incurred, Developer shall provide to IDB a detailed list of the costs incurred by Developer (the “Required Public Infrastructure Certified Costs”) in connection with the design, right of way acquisition (including any right of way

acquired from Developer or its affiliates) and dedication as needed for constructing the Required Public Infrastructure to the extent that Developer desires to be reimbursed from Tax Increment Payments, as defined below, for such costs. Developer shall certify the accuracy of such costs in such manner as is reasonably requested by IDB, and Developer shall provide such documentation supporting such costs as may be reasonably requested by IDB.

(e) In connection with undertaking the construction of the Required Public Infrastructure, Developer shall obtain or cause to be obtained any performance and payment bonds required by the City to secure the completion of the Required Public Infrastructure and the payment of the subcontractors undertaking the Required Public Infrastructure. Developer shall provide for the City to be an additional obligee under such performance and payment bonds if required by the City, provided that if Developer's construction lender is also an obligee, IDB shall request the City to enter into such agreements as the lender may reasonably request relating to the enforcement of remedies under such bonds. Developer shall also maintain commercial liability insurance relating to the construction of the Required Public Infrastructure with such limits as are reasonably satisfactory to IDB and shall cause IDB to be named as an additional insured with respect to such policy. Developer shall also maintain, or cause to be maintained, such worker's compensation insurance (to the extent that it has employees and in compliance with the laws of the State of Tennessee), auto liability insurance and builder's risk insurance to the extent appropriate and reasonably required by the City relating to the undertaking of the Required Public Infrastructure. In addition to submitting the Required Public Infrastructure Certified Costs to IDB, Developer shall provide evidence, from time to time, to IDB of the existence and maintenance of the insurance required by this subsection.

4. Undertaking of Project; Certification of Public Infrastructure Costs. The parties acknowledge that the development of the Project will take several years and will be undertaken by multiple parties as to specific parcels. Developer agrees that it shall use its best efforts to cause the completion of the Project in a manner substantially consistent with the Development Plan, as amended from time to time. Developer shall provide IDB, the City and the County with periodic reports as to the status of the development of the Project and shall make such presentations to the governing bodies of IDB, the City and the County from time to time as is reasonably requested by IDB, the City and the County. Developer shall cause the development of the Project to occur in a manner consistent with all applicable government requirements, including all zoning and use requirements of the City. The parties acknowledge that the development of the Project will require Developer to dedicate, construct, install and equipment public infrastructure within the meaning of Tenn. Code Ann. § 9-23-102(16), including the Required Public Infrastructure. As costs are incurred relating to such public infrastructure, Developer shall provide to IDB a detailed list of the costs, in addition to the Required Public Infrastructure Certified Costs, incurred by Developer in connection with the design, construction, installation and equipping and the dedication of as needed of such public infrastructure to the extent that Developer desires to be reimbursed from Tax Increment Payments, as defined below, for such costs. Such certified costs, excluding the Required Public Infrastructure Certified Costs, are referred to herein as the "Other Certified Costs," and the Other Certified Costs together with the Required Public Infrastructure Certified Costs are referred to herein as the "Certified Costs." Developer shall certify the accuracy of the Certified Costs in such manner as is reasonably requested by IDB, and Developer shall provide such documentation supporting such costs as may be reasonably requested by IDB.

5. Reimbursement from Tax Increment. IDB shall reimburse Developer for the Certified Costs solely from Tax Increment Payments, as defined below, allocated to IDB by the City and the County with respect to the Plan Area. IDB shall not be required to make any such reimbursement if this Agreement has been terminated or until the Required Public Infrastructure has been completed. IDB shall not be required to reimburse Developer for any Certified Costs that are not costs of public infrastructure as defined in Tenn. Code Ann. § 9-23-102(16). Subject to the foregoing, IDB shall reimburse Developer solely from the Tax Increment Fund, as defined below, on May 1st of each year from amounts that are on deposit in the

Tax Increment Fund up to the full amount then held in the Tax Increment Fund. Upon the written request of Developer, if delinquent taxes are allocated to the Tax Increment Fund, IDB shall apply such delinquent taxes to reimburse Developer within sixty (60) days of receipt by IDB. In no event shall IDB be required to reimburse Developer for an amount in excess of the maximum amount provided in the Plan, and all reimbursements shall be subject to the right of IDB to withhold administrative expense fees as provided in Section 7(a) hereof.

6. Other Developer Obligations. Developer furthermore agrees to the following:

(a) Developer shall not discriminate upon the basis of race, color, creed, sex, handicap or national origin in the sale, lease or rental of or in the construction of the Project, including the Required Public Infrastructure.

(a) Developer shall reimburse IDB for all reasonable legal fees and expenses, including general and special counsel fees and expenses, incurred in connection with negotiating and preparing the Economic Impact Plan, this Agreement, any Tax Increment Financing and the imposition of Special Assessments, and any litigation or governmental proceeding challenging the validity or the application of any term of the Economic Impact Plan or this Agreement.

(b) Developer shall make good faith efforts, in consultation with the City, County and local Chambers of Commerce, to enable qualified contractors located in the City and/or in the County to have the opportunity to make proposals to enter into contracts for the construction of the Required Public Infrastructure.

7. IDB Obligations. In reliance upon Developer's agreement to construct the Required Public Infrastructure and use its best efforts to undertake the Project, IDB hereby agrees to the following:

(a) IDB will establish and maintain a separate and special fund of IDB to be known as the Spring Hill South Commerce Center Tax Increment Fund (the "Tax Increment Fund"), to be kept separate and apart from all other funds of IDB, pursuant to the requirements of Tenn. Code Ann. § 7-53-312, into which will be deposited all incremental property tax revenues received by IDB pursuant to the Plan (the "Tax Increment Payments"). The Tax Increment Fund shall consist of a separate account into which all Tax Increment Payments shall be deposited as received and from which all disbursements will be made for the purposes provided in this Agreement. IDB shall deduct its administrative fees from the Tax Increment Fund consistent with IDB's schedule of such fees from time to time, provided that such administrative fees shall not exceed 5% of each amount deposited in the Tax Increment Fund in any fiscal year. IDB shall pay all internal administrative expenses of IDB, the City and the County relating to the transactions described herein from such fees, and IDB shall deposit such fees in one or more separate accounts as to which Developer shall have no interest. Developer shall separately be responsible for all reasonable external fees and expenses incurred by IDB in connection with the transactions described herein as provided herein. The current schedule of administrative fees of IDB is attached hereto as Exhibit F, with the IDB Fee and Legal Fees having been paid as of the Effective Date. In no event shall IDB be required to pay or reimburse Certified Costs in excess of \$29,500,000, including any Certified Costs paid with the proceeds of Tax Increment Financing.

(b) IDB shall not pledge or otherwise obligate the Tax Increment Payments to the payment of any indebtedness other than any Tax Increment Financing that may be issued as provided in Section 10 below.

(c) Except as may be provided in an amendment to this Agreement, IDB shall not apply the Tax Increment Payments for any purposes other than the payment or the reimbursement of

Certified Costs or the payment of debt service on any Tax Increment Financing that is issued in accordance with Section 10 below or administrative fees as provided above.

8. Developer Default. IDB shall have the option to terminate this Agreement if Developer fails to comply with its obligations under this Agreement and does not cure such failure within ninety (90) days after receipt of written notice from IDB specifying such failure to comply; provided that if (i) such default cannot be cured within such ninety (90) day period; (ii) Developer notifies IDB in writing stating the reasons for delay prior to expiration of said ninety (90) day period; (iii) Developer promptly commences curative actions within such ninety (90) day period; and (iv) Developer thereafter diligently and continuously pursues cure efforts, then the period for cure shall be extended for such period of time as shall reasonably be required under the circumstances, except that Developer shall not be entitled to any extension if the default is monetary in nature or results from Developer's inability to perform due to financial reasons. IDB's right to terminate this Agreement as set forth above shall be in addition to any other remedy available to IDB as a result of Developer's failure to comply with this Agreement. Upon IDB's termination of this Agreement, IDB shall have no further obligations under this Agreement. Notwithstanding the foregoing, if any Tax Increment Financing is outstanding at the time of such termination and such Tax Increment Financing is not held by Developer or an affiliate, IDB's obligation to apply Tax Increment Payments to the payment of any outstanding Tax Increment Financing shall survive the termination of this Agreement.

9. Certification. Developer certifies, to the best of its knowledge and belief, that it, its current and future principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal, state, or local department or agency;

(b) have not within a three (3) year period preceding this Agreement been convicted of, or had a civil judgment rendered against them for commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property or any other crime of moral turpitude;

(c) are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in subsection (b) above;

(d) have not within a three (3) year period preceding this Agreement had one or more public transactions (federal, state, or local) terminated for cause or default;

(e) have paid their state, local and federal taxes and do not have outstanding taxes that have not been paid by their delinquency date, except to the extent that the same are being contested in accordance with applicable law; and

(f) have not within a three (3) year period declared bankruptcy or defaulted on any bank loan.

10. Tax Increment Financing. Subject to any required approvals by the State, IDB shall cooperate with Developer to finance the reimbursement of Certified Costs to Developer through the issuance of one or more series of notes or other debt obligations in an aggregate amount not exceeding the amount authorized by the Economic Impact Plan (the "Tax Increment Financing") less any costs that have

been previously reimbursed. Such Tax Increment Financing shall be payable from and secured by Tax Increment Payments and any other sources provided by Developer. In no event shall the City or the County be required to guaranty or otherwise provide any source of payment, other than Tax Increment Payments, for the payment of any Tax Increment Financing. Any Tax Increment Financing shall be issued on the following terms and conditions:

(a) IDB will apply the Tax Increment Payments in accordance with the Economic Impact Plan and this Agreement to make debt service payments under the Tax Increment Financing;

(b) The proceeds of the Tax Increment Financing shall only be applied to pay Certified Costs that have not been previously reimbursed, capitalized interest as permitted by law, any appropriate debt service reserve and all other costs related to closing of the Tax Increment Financing, subject to the limits contained in the Economic Impact Plan. All disbursements of proceeds shall be subject to the review of IDB to confirm that such proceeds are applied to eligible costs under applicable state laws;

(c) The Tax Increment Financing shall mature no later than six (6) months after the expiration of the final allocation period for any parcel in the Plan Area from which incremental tax revenues will be applied to pay debt service on the Tax Increment Financing;

(d) The terms of the Tax Increment Financing, including the interest rate thereon and the manner and terms pursuant to which the Tax Increment Financing is sold, shall be subject to the approval, not to be unreasonably withheld, of Developer and IDB;

(e) Developer shall be responsible for arranging and paying all costs associated with the Tax Increment Financing to the extent not paid from the proceeds of the Tax Increment Financing;

(f) The documents pursuant to which each Tax Increment Financing is issued, including the note or other debt obligation, related loan agreement and assignment of tax increment revenues, shall be in such form as is reasonably acceptable to both IDB and Developer;

(g) The Tax Increment Financing shall be non-recourse to IDB, except to the extent payable from the Tax Increment Payments;

(h) IDB shall have received a report from a financial advisor satisfactory to IDB to the effect that the Tax Increment Payments to be allocated to IDB as to tax parcels as to which the allocation period has commenced will be sufficient to pay the debt service on the proposed Tax Increment Financing; and

(i) Developer and IDB shall enter into an amendment to this Agreement to reflect the issuance of each Tax Increment Financing, which amendment shall establish the priority of payments from the Tax Increment Fund to debt service on the Tax Increment Financing.

11. Commencement of Allocation Periods; Subdivision.

(a) On or prior to May 1st of each year, Developer shall give notice as to the tax parcels in the Plan Area as to which Developer desires to initiate the allocation period for Tax Increment Payments for the current tax year. IDB will confirm that the parcels identified by Developer are in the Plan Area and then will notify the City and the County of the tax parcels as to which the allocation period for Tax Increment Payments shall commence in the following year. Developer may not initiate the allocation of any Tax Increment Payments as to any parcel within the Plan Area for any tax year after the 2032 tax year, and if Developer does not give notice to IDB to initiate the allocation period for any tax parcel on or prior

to May 1, 2032, then allocation of all Tax Increment Payments for any tax parcels as to which allocation has not previously commenced shall commence automatically on May 1, 2032 unless Developer notifies IDB that it does not desire the allocation of Tax Increment Payments to commence with respect to specific tax parcels. Each allocation period shall be for the maximum period provided in the Plan.

(b) Within thirty (30) days of each subdivision of a tax parcel in the Plan Area, Developer shall give notice of such subdivision to IDB together with the proposed allocation of base taxes with respect to such tax parcel among the subdivided parcels. IDB will review the accuracy of the information submitted and shall then provide notice of such subdivision and the amount of the base taxes for each subdivided tax parcel to the City and the County.

12. Cooperation. Each party shall cooperate with the other party to provide such assistance as may reasonably be requested in connection with the fulfillment of each of its respective obligations under this Agreement. Such cooperation shall include, without limitation, the best efforts of both parties to cause the cooperation and assistance of their respective employees, agents, consultants, contractors and principals; provided that Developer acknowledges that the City and its instrumentalities are independent from IDB and that IDB cannot guarantee their cooperation.

13. Boycott Prohibition. Developer hereby certifies to IDB that neither Developer nor any of its wholly-owned subsidiaries, majority-owned subsidiaries, parent companies or affiliates are currently engaged in nor will they engage in a boycott of Israel during the term of this Agreement, as described by Section 12-4-119 of the Tennessee Code Annotated. For purposes of Section 12-4-119, "boycott of Israel" shall mean engaging in refusals to deal, terminating business activities, or other commercial actions that are intended to limit commercial relations with Israel, or companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel to do business, or persons or entities doing business in Israel, when such actions are taken (i) in compliance with, or adherence to, calls for a boycott of Israel, or (ii) in a manner that discriminates on the basis of nationality, national origin, religion, or other unreasonable basis, and is not based on a valid business reason.

14. Term. This Agreement shall be effective upon the Effective Date and shall remain in effect until the earlier of: (a) all Tax Increment Payments that are pursuant to the Plan have been received and applied pursuant to this Agreement; (b) termination by mutual agreement of the parties or their successors and assigns; or (c) termination by IDB pursuant to Section 8 of this Agreement. If this Agreement is terminated pursuant to clause (c) above, Developer shall pay to IDB all costs incurred by IDB in connection with the termination of this Agreement, including, but not limited to, reasonable attorneys' fees. The termination date of this Agreement may be extended by written mutual consent of the parties hereto.

15. Governing Law. This Agreement shall be governed and construed under and in accordance with the laws of the State of Tennessee and may not be modified or amended except in writing signed by all parties. Any legal venue for claims or actions arising from this Agreement shall be in the County.

16. Secured Lenders. Developer shall have the right to mortgage, pledge, encumber, hypothecate or assign as security its right to receive the Tax Increment Payments (collectively the "Collateral") to secure a loan, without obtaining IDB's consent, provided that the loan is made by a Secured Lender. A "Secured Lender" is any lender or an agent for a syndicate of lenders that is the owner and holder of a promissory note, the indebtedness evidenced by which is obtained to finance Certified Costs, that is disclosed in a written notice given to IDB containing the name, notice address and contact Person of the Secured Lender to which the Collateral has been or will be mortgaged, pledged, encumbered, hypothecated or assigned as security. The provisions of this Section 16 are for the benefit of each Secured Lender and may be relied upon and shall be enforceable by each Secured Lender. In the event that there is more than one security interest affecting the Collateral, the most senior Secured Lender (determined by the

order of recordation of its document perfecting said security interest in the Collateral) shall have priority in terms of exercising the rights of a Secured Lender pursuant to the provisions of this Section 16. A lender that has qualified as a Secured Lender shall continue in such status for purposes hereof until such time as the lender notifies IDB, in writing, that it has released its lien on the Collateral or has recorded such an instrument of record. Within ten (10) business days after Developer's written request, IDB will acknowledge, in writing, the receipt of any such notice delivered by a Secured Lender to IDB.

(a) Whenever IDB shall send Developer any written notice related to this Agreement, IDB shall also send a duplicate copy of such notice to each Secured Lender. If this Agreement is terminated due to the occurrence of an Event of Default or the rejection or disaffirmance of this Agreement pursuant to Section 365(a) of the Bankruptcy Code, 11 U.S.C. §365(a), as amended, IDB shall send Secured Lender a notice of termination ("Termination Notice") whether or not IDB is required to send such Termination Notice to Developer. IDB shall not be obligated to send a Termination Notice to anyone at the expiration of the term of this Agreement.

(b) Upon a Secured Lender's receipt of written notice of a default hereunder (a "Default Notice"), the Secured Lender shall have the right, but not the obligation, to cure such Event of Default on behalf of Developer, and IDB shall not have the right to terminate this Agreement in the event that the Secured Lender completes the cure of such default within the period provided in Section 8 for cure by Developer, provided, however, that Secured Lender's cure period shall be tolled during any period of time during which action against Developer is stayed by any proceeding in bankruptcy, injunction or other judicial process. IDB agrees to accept any Secured Lender's cure of a default. IDB acknowledges that the Secured Lender is relying upon Developer's interest in this Agreement and in the Property Tax Increment Revenues as collateral, so IDB agrees to give the Secured Lender the opportunity to realize on such collateral, subject to the limitations herein, before any termination of this Agreement due to a default by Developer.

(c) Any sale of the Collateral in any foreclosure or similar proceedings instituted by a Secured Lender (or the assignment or transfer of the Collateral by Developer in lieu of any such foreclosure) shall be deemed to be a permitted assignment of the Collateral.

(d) If any agreement between a Secured Lender and Developer shall so require, and if IDB has previously been provided a copy thereof, no voluntary amendment, cancellation, termination, surrender or modification of this Agreement shall be effective as to such Secured Lender unless it has consented thereto, in writing.

(e) No Secured Lender, simply by virtue of its lien on the Collateral, shall be deemed to have assumed any of the obligations or liabilities of Developer hereunder; provided nothing in this Section shall be deemed to release Developer from its obligations and liabilities under this Agreement.

17. Successors and Assigns. Subject to restrictions on assignment provided in Section 13 above and the provisions of Section 16 above, this Agreement shall inure to the benefit of and be binding upon the parties hereto and the successors and assigns of the parties.

18. Limitation of IDB Liability; No City Liability. THE LIABILITY OF IDB FOR ANY CLAIM BY DEVELOPER IS EXPRESSLY LIMITED TO IDB'S INTEREST IN ANY TAX INCREMENT PAYMENTS TO IDB FROM THE PLAN AREA, AND; OTHERWISE, IDB SHALL NOT HAVE ANY PECUNIARY LIABILITY UNDER THIS AGREEMENT FOR ANY ACT OR OMISSION OF IDB. NO OTHER PROPERTY OR ASSETS OF IDB SHALL BE SUBJECT TO LEVY, EXECUTION OR OTHER PROCEDURES FOR THE SATISFACTION OF REMEDIES OF DEVELOPER HEREUNDER OR RELATING HERETO. UNDER NO CIRCUMSTANCES SHALL

IDB BE LIABLE FOR ANY SPECIAL OR CONSEQUENTIAL DAMAGES, ALL OF WHICH ARE HEREBY WAIVED BY DEVELOPER. NO RECOURSE SHALL BE HAD FOR ANY CLAIM BASED UPON ANY OBLIGATION, COVENANT OR AGREEMENT IN THIS AGREEMENT OR ANY TRANSACTION OR MATTER RELATING HERETO AGAINST ANY PAST, PRESENT OR FUTURE DIRECTOR, OFFICER, EMPLOYEE, COUNSEL, OR AGENT OF IDB, WHETHER DIRECTLY OR INDIRECTLY, AND ALL SUCH LIABILITY OF ANY SUCH INDIVIDUAL AS SUCH IS EXPRESSLY WAIVED AND RELEASED AS A CONDITION OF AND IN CONSIDERATION FOR IDB ENTERING INTO THIS AGREEMENT. NOTWITHSTANDING THE FOREGOING, THE PARTIES AGREE THAT DEVELOPER MAY ENFORCE THE TERMS OF THIS AGREEMENT THROUGH A CLAIM OF SPECIFIC PERFORMANCE. IN NO EVENT SHALL THE CITY NOR ANY OF ITS OFFICERS, EMPLOYEES, COUNSEL OR AGENTS HAVE ANY LIABILITY FOR ANY OBLIGATION OF OR ANY BREACH BY IDB UNDER THIS AGREEMENT WHATSOEVER.
