Occupational Health & Safety Workshop

Central Washington University is sponsoring an interactive workshop on occupational health and safety. We are offering it on January 31st.

Explore the World of Safety and Health Management!

Bring a **FREE**, interactive, career-focused workshop to your **HOSA** club and let students step into the role of a Safety Professional.

In this workshop students will:

- Sketch and investigate a mock accident scene
- Collect and analyze "evidence" to find the root cause
- Spot hidden hazards in the workplace
- Race to gear up with the right PPE
- And more!

Students will discover how careers in Safety and Health Management combine communication, problem-solving, and teamwork to keep workplaces and communities safe — and learn how programs at Central Washington University can help them turn that interest into a future high-paying meaningful career.

Scrub Camp

- AHEC (Area Health Education Centers) sponsors Scrub Camp each year.
- In Wenatchee, approximately 150 students attend in 2025.
