

Lincoln Kindness Week

Small Acts, Big Impact.

Why?

- Memorial celebration for the Decker girls
- Wanted a way to honor them and celebrate their legacy of kindness
- Kindness Week is something we plan to do annually

What?

- School wide goal was to fill the banner with the 3 empty hearts by the end of the week
- During art students in 3rd-5th grades painted kindness rocks to place around campus
- On one of the days we had older students partner with a younger grade classroom to make friendship bracelets and do a bracelet exchange

Next Steps

- Next year we plan to add an additional activity that gets older students partnered with the littles
- Parsons came and did a 3 hearts drone photograph for us which we plan to do annually and have posted in the hallway

Celebration

- Our school wide goal was beyond achieved with 785 acts of kindness completed during the week!
- We are beyond proud of our students and staff for celebrating the legacy of Paityn, Evelyn and Olivia in such a positive way
